

Deployment Statistics

Lasted a total of 8 days

97 Personnel activated supporting the following resources:

- 1 Type 4 Water Capable USAR Team
- 9 Swiftwater Rescue Squads
- 1 Water Group Supervisor Package
- 5 Helicopter Search & Rescue Technicians (HSART)
- 1 HSART Manager

Type – **RAIN**

On November 19, 2025, at the request of the SOC, TX-TF1 activated 9 Swiftwater rescue squads, 2 WGS packages, and 5 HSART technicians, and 1 HSART Manager in preparation for heavy rains. The water squads (WS) staged across Texas to cover the affected areas of the state. The HSART squads staged in San Antonio, Austin, and Dallas, and the HSART Manager staging in College Station. On November 20, Texas Task Force 2 (TX-TF2) was activated as a Type 4 Water Capable Urban Search & Rescue (USAR) Team.

Over the following days from November 21-23, 2025, the water squads were strategically repositioned around the state based on the weather forecast. TX-TF2 remained staged in Dallas.

On November 24, 2025, WS-Killeen responded to a request for assistance from Parker County. The squad ferried the firefighters and a hose across a flooded roadway to reach a burning residence. Throughout the day, the other squads were once again repositioned.

On November 25, 2025, TX-TF2 received orders to demobilize. Later that day, the HSART teams and 8 of the water squads were also demobilized. WS-STRAC reported to Alice to assist the Water Group Supervisor.

On November 26, 2025, WS-STRAC received orders to demobilize and all personnel returned to their home stations.
