

Deployment Statistics

Lasted a total of 1 day

8 Personnel activated supporting the following resources:

- 1 Search Team
- ESF-9 Coordination Center

Type - **SEARCH OPERATIONS (NON-WATER)**

On the early morning of April 18, 2011, TDEM received a call from City of College Station officials requesting assistance with a search of a missing College Station resident. As a result, TX-TF1 activated a Search Team composed of 1 Task Force Leader, 1 Search Team Manager, and 3 Canine Search Teams (canine, canine handler, and flanker/navigator) to assist with the search for the missing resident.

The Search Team deployed at 6:30 a.m. on April 18 to Brazos County. The team met with local emergency management officials and worked in coordination with local responders. At 7:35 a.m., the local jurisdiction informed TDEM that the missing resident had been located and was in good condition. The TX-TF1 Search Team demobilized a short time later and all personnel returned to College Station the afternoon of April 18.
