

### Deployment Statistics

Lasted a total of 9 days

46 Personnel activated supporting the following resources:

- 7 Water Rescue Squads

Type – **RAIN**

On August 20, 2022, the Texas Division of Emergency Management activated Texas Task Force 1 for potential flooding in Texas Region 3. The team consisted of 4 Water Rescue Squads, 1 Water Group Supervisor, and Support Specialists to be stationed in Eagle Pass and Uvalde. Over the next few days the teams assisted local responders and conducted reconnaissance of the low water crossings.

On September 3, 2022, with increased threat for flash flooding, TDEM activated 3 more Water Rescue Squads, 1 additional Water Group Supervisor, and Support Specialists to cover Regions 2 and 3. The squads monitored the weather and joined in assisting the local jurisdictions over the following days.

On September 6, 2022, TDEM released 4 of the squads due to the weather clearing. The remaining squads were released the following day on September 7, 2022, and demobilized back to their local stations.
