

2022

FORT STOCKTON POTENTIAL FLOOD

Deployment Statistics

Lasted a total of 3 days

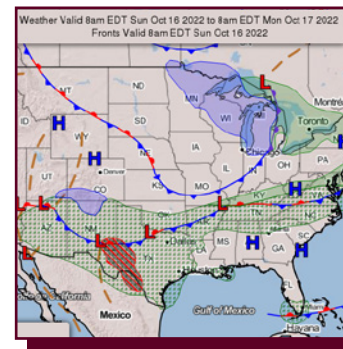

14 Personnel activated supporting the following resources:
• 2 Swiftwater Rescue Squads

Type – **RAIN**

On October 16, 2022, the Texas Division of Emergency Management activated Texas A&M Task Force 1 in preparation for possible flash flooding near Fort Stockton, TX. The team included 2 Swiftwater Rescue Squads, 1 Water Group Supervisor, and Support Specialists.

On October 17, 2022, the teams relocated to Laredo as the weather moved South. After no overnight requests for service, all resources were demobilized on October 18, 2022.

OCTOBER 16-18
