

2023

APRIL SEVERE WEATHER #2 - REGION 3

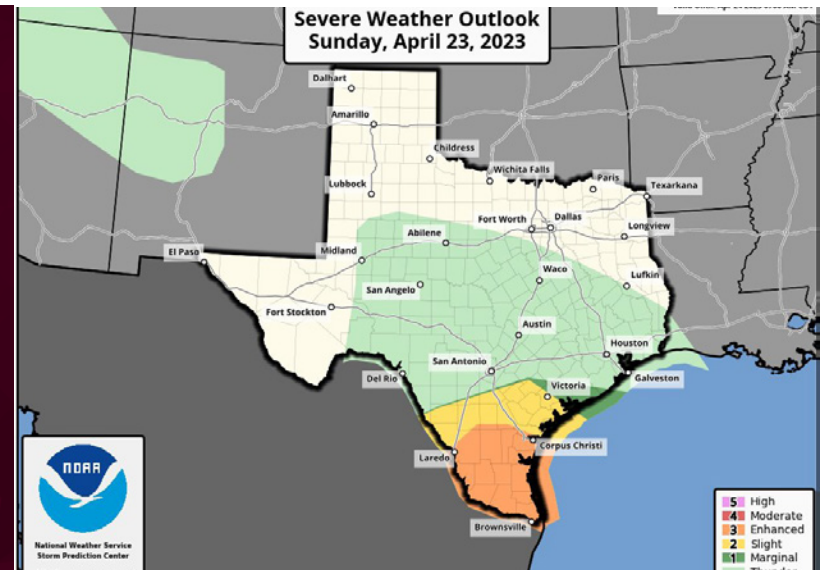

Deployment Statistics

Lasted a total of 2 days

16 Personnel activated supporting the following resources:

- TX-TF 1 Type 4 Search and Rescue Team

Type – **RAIN**

On April 23, 2023, Texas Task Force 1 Region3 was activated in preparation for severe weather in south Texas. The Texas Division of Emergency Management activated them as a Type 4 Search and Rescue Team. The team staged overnight in Edinburg, TX and remained ready for orders as backup for the local first responders.

The following day on April 24, 2023, with the weather exiting the state, all resources were demobilized and returned back to their home stations.

APRIL 23-24
